Er. SUBHOMOY DEY

31st May 1990- 26th February 2023

Lt. Assistant Professor Er. Subhomoy Dey, born on May 31st, 1990, in Guwahati, was a brilliant mind and a dedicated educator who left an indelible mark on the world during his brief yet impactful life. In addition to his exceptional academic and professional achievements, Subhomoy was known for his lively and humorous personality. His natural ability to bring laughter and joy to those around him made him a beloved figure among his friends, colleagues, and students. This comprehensive biography will delve into various aspects of Subhomoy's life, including his educational journey, research focus, academic career, accomplishments, non-academic roles, passion for life, and the lasting legacy he left behind.

“

“শেষ বোৰ সদায় হাঁহি
ছুখে হৈ লাগে।
বেলেগ একো নহ'লেও
জীৱনৰ প্ৰতি আক্ষেপ
নাথাকে।”

Subhomoy's educational journey began at Guwahati Primary School and continued at KV, Borjhar, where he completed his primary education. It was during these formative years that his intellectual curiosity started to flourish, laying the foundation for his future endeavours'. He continued his quest for knowledge at KV, Maligoan, where he pursued higher education.

In 2013, Subhomoy graduated with a B.Tech degree in Computer Science and Engineering from GUIST, Gauhati University. Undeterred by the challenges, he furthered his academic pursuits by pursuing an M.Tech in Information Technology from GUIST, Gauhati University in 2015.

Throughout his educational journey, Subhomoy's passion for learning knew no bounds, and he consistently displayed a thirst for knowledge and a drive to excel. Subhomoy's unwavering commitment to education and his love for research led him to embark on a Ph.D. journey in the Department of Information Technology at GUIST, Gauhati University in 2021. This decision marked the beginning of his research-focused chapter, which would have far-reaching impacts in the field of computer vision applications.

Joining the research program last year, Subhomoy displayed a keen interest in exploring deep learning approaches within the context of computer vision applications. His research focus revolved around the application of image processing techniques for breast cancer detection. He aimed to leverage the power of deep learning algorithms to improve the accuracy and efficiency of early breast cancer diagnosis, thereby contributing significantly to the advancement of medical technology.

Through his dedication and hard work, Subhomoy sought to bridge the gap between cutting-edge technology and the medical domain, making a positive impact on the lives of countless patients. His commitment to this research area highlighted his compassion for humanity and his belief in the potential of technology to improve healthcare outcomes.

ACADEMIC CAREER

Throughout his academic career, Subhomoy's exceptional knowledge and teaching skills presented opportunities for him to share his expertise and contribute to the growth of others. He began as a Teaching and Research Assistant at GUIST, Gauhati University, where he dedicated himself to guiding and mentoring students from January to June 2015. This early experience in academia further fueled his passion for teaching and nurturing young minds.

Subsequently, he served as a lecturer at NEHU (Tura Campus) in the Department of Computer Application from March 2016 to July 2017. During this time, Subhomoy's engaging teaching style and dedication to his students garnered admiration from both colleagues and learners.

Finally, on August 5th, 2017, Subhomoy assumed the role of Assistant Professor in the Department of Computer Science at Pandit Deendayal Upadhyaya Adarsha Mahavidyalaya, Amjonga. This appointment was a testament to his exceptional academic abilities and commitment to advancing education in the field of computer science.

ACCOMPLISHMENTS AND CONTRIBUTIONS

- He actively participated in various orientation programs, faculty development programs, workshops, webinars, and conferences.
- He had a continuous pursuit of learning and professional growth, demonstrating his commitment to excellence.
- He successfully cleared the UGC NET examination multiple times (Dec. 2015, Jan. 2017, Nov. 2017, and Jul. 2018.), showcasing his in-depth understanding and mastery of computer science and information technology.
- He received recognition and acclaim for his research work, including winning the Best Paper Award in ACM Compute 2017 at Bhopal, India.
- His publication, "**VAANI – A voice-based authentication system for Linux using Dynamic Threshold and Positive Selection,**" presented at the 10th Annual ACM Compute Conference, demonstrated his innovative thinking and significant contributions to the academic community.
- These accomplishments solidified Subhomoy's position as a respected researcher and academic in the field of computer science and information technology.

NON-ACADEMIC ROLES

Subhomoy's dedication to fostering a conducive and enriching environment for students extended beyond his academic pursuits.

He willingly took on additional responsibilities at PDUAM Amjonga, serving as a System Administrator,

Convenor of the Career & Guidance Cell, Jt. Convenor of IQAC, and a member of the Anti-Ragging Cell and Sports Affairs.

These roles showcased his commitment to the holistic development of students and his desire to contribute to their overall well-being.

PASSION FOR LIFE

Beyond academia, Subhomoy had a zest for life. He was known to be a foodie and enjoyed exploring new cuisines. His adventurous palate allowed him to appreciate the diverse culinary experiences the world had to offer. This passion for gastronomy reflected his open-mindedness and appreciation for different cultures.

H I S

- Tragically, Sir Subhomoy's promising journey came to an abrupt end on February 26th, 2023, when he lost his life in a devastating car accident. The world mourns the loss of a brilliant mind, an accomplished educator, and a compassionate individual. However, his legacy lives on through his invaluable contributions to the field of education and the lives he touched.

Sir Subhomoy's research in deep learning and his efforts to enhance breast cancer detection techniques will continue to inspire future researchers and medical professionals. His dedication, passion, and exceptional teaching abilities will forever be remembered, serving as a guiding light for educators and researchers worldwide.

In the words of Sir Subhomoy himself, ***"Life is short, but its impact can be eternal."*** His impact will be felt for years to come, as his work and memory continue to shape the field of computer science and the lives of those he touched. He will forever be remembered as a beloved son, a cherished friend, and an exceptional teacher whose dedication and passion left an indelible impact on the world.

“ফুলিল মালতী, ফুলি সৰি গ’ল,
বিলোৱা সৌৰভ মাত্ৰ জগতত ৰল।
ভাগি গ’ল বীনখানি, ছিগি গল তাৰ,
ৰৈ গ’ল অবশেষ অমিয়া জোকাৰ।”

বহস্যময় এই মানব জীৱন! জীৱন নাটৰ পৰিসমাপ্তি কেতিয়া হয়, কোনেও গমকে নাপায়। এই ধৰালৈ বহু জীৱ আছে আৰু সময়ৰ গতিত এদিন আতঁৰি যায়। যাক আমি কোনোদিনে হেৰুৱাম বুলি নাভাবো সেই মানুহবোৰো এদিন গুছি যায়। জীৱনৰ হিচাপ-নিকাচ সামৰি, খুব সহজভাৱে এৰি থৈ যায়। আচলতে জীৱনৰ ওচৰত আমি কিমানযে অসহায়।

সেই কাল সন্ধিয়াটোৰ কথা মনত পৰিলে এতিয়াও গা শিয়ৰি উঠে। দেওঁবাৰ আছিল সিদিনা। স্বাভাৱিকতেই মহাবিদ্যালয়ৰ কোৱাৰ্টাৰত থকা আৱাসীৰ সংখ্যা তাকৰ আছিল। গধূলি সাত বাজি বিশমিনিটমান গৈছিল তেতিয়া।

হঠাৎ আমাৰ মহাবিদ্যালয়ৰ কৰ্মচাৰী পৰমানন্দই ফোন কৰি খবৰটো দিলে - শুভময়ৰ এক্সিডেণ্ট, কাচাদলত। লগত পত্নীও আছে। অৱস্থা গুৰুতৰ। তাৰ বাহিৰে পৰমানন্দইও বিশেষ একো গম পোৱা নাছিল। শুনি মই হতভম্ব হলো। দৌৰি গৈ ভাত্ৰ প্ৰশান্তক খবৰটো দিলো। দুয়ো মিলি যাকে পাবো খবৰটো দি শীঘ্ৰে কাচাদললৈ ৰাওনা হলো। খবৰ শুনি বাকী আৱাসী সকলো অকনো সময় নষ্ট নকৰাকৈ ঘটনাস্থলীত উপস্থিত হয়। ইতিমধ্যেই শুভময় আৰু পত্নীক ৰংজুলি হস্পিতাললৈ স্থানান্তৰিত কৰা হৈছিল।

আঘাট গুৰুতৰ তথা ৰংজুলিত উন্নত সাং সজুলিৰ অভাৱৰ বাবে চিকিৎসকে অতি শীঘ্ৰে গুৱাহাটীলৈ - প্ৰেৰণ কৰাৰ ব্যৱস্থা কৰে। সকলো ব্যৱস্থা কৰোতে বিভিন্ন অসুবিধাৰ সন্মুখীন হব লগা হয়। যদিও অতি কম সময়ৰ ভিতৰত শুভময়ক গুৱাহাটীলৈ লৈ যোৱা হয়। কিন্তু তাৰ পিছত! নিয়তিৰ কি পৰিহাস!

মহাবিদ্যালয়ত যোগদান কৰাৰ আগতে মই গুৱাহাটী বিশ্ববিদ্যালয়ত Technical Assistant হিচাপে ছবছৰ চাকৰি কৰিছিলো। তেতিয়াৰ পৰাই শুভময়ক পাইছিলো। সি B. Tech কৰা বিভাগটোৰ লেবত তাক দেখিছিলো। তেতিয়াৰ পৰাই তাক অতি মনোযোগী, আগ্ৰহী ছাত্ৰ বুলি

জানিছিলো। সকলো অধ্যাপক- অধ্যাপিকাই

তাক ভাল পাইছিল। সদায় শিকিবলৈ ভালাপোৱা শুভময়ৰ দৰে ছাত্ৰ সাধাৰণতেই শিক্ষকৰ প্ৰিয় হয়। সেইকাৰণেই বোধহয় M.Tech শিক্ষা শেষ কৰাৰ পিছতেই Guest Faculty হিচাপে পাঠদান কৰাৰ সুবিধা পাইছিল।

2017 চনৰ 5 আগষ্টত শুভময়ৰ লগতে মই একেলগে পণ্ডিত দীনদয়াল উপাধ্যায় আদৰ্শ মহাবিদ্যালয়ত যোগদান কৰো। তেতিয়াৰ পৰা শুভময় যেন মোৰ অকল সহকৰ্মীয়ে নাছিল- সি আছিল সকলো সমস্যাৰ সমভাগী এজন নিষ্ঠাবান তথা ভাতৃসম বন্ধু।

কম্পিউটাৰ বিজ্ঞান বিভাগৰ সৰু বৰ সকলো সমস্যা সমাধানৰ ক্ষেত্ৰতেই শুভময়েই লৈছিল আগভাগ।

সি যেন আছিল কম্পিউটাৰ বিভাগৰ Operating System, বিভাগটোৰ প্ৰাণ।

কলেজৰ অধ্যক্ষ মহোদয়ৰ পৰা দৰকাৰী কাম আদায় কৰিব জানিছিল। তাৰ নেতৃত্বতেই বিভাগটোৱে ইন্টাৰনেট লাভ কৰিবলৈ সক্ষম হৈছিল। অকল নিজৰ বিভাগতেই নহয়, মহাবিদ্যালয়ৰ যিকোনো কাৰিকৰী অসুবিধা ক্ষেত্ৰত সি সহায়ৰ হাত আগবঢ়াইছিল। তাক System Administrator হিচাপে দায়িত্ব দিয়া হৈছিল।

মহাবিদ্যালয়ৰ প্ৰথম Website টোও তাৰ নেতৃত্বতেই গঢ় লৈ উঠিছিল।

বিভাগীয় মুৰব্বী হোৱাৰ পিছত মই শুভময় আৰু বহু দক্ষতাৰ বিষয়ে অৱগত হ'ও। ছাত্ৰ

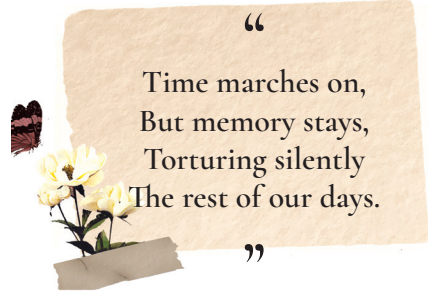

ছাত্ৰী সকলক বহুত মৰম কৰিছিল। সিহঁতৰ ভৱিষ্যত তথা কেৰিয়াৰৰ প্ৰতি শুভময়ে সদায় আলোচনা কৰিছিল, উপদেশ তথা পৰামৰ্শ প্ৰদান কৰিছিল। মহাবিদ্যালয় চৌহদত মোৰ লগতে ছাত্ৰ ছাত্ৰী, শিক্ষক কৰ্মচাৰী - যাক যেতিয়াই প্ৰয়োজন তেতিয়াই শুভময় আগবঢ়াইছিল সহায়ৰ এখনি বলিষ্ঠ হাত।

এই সকলো কথাৰ উৰ্ধ আন এক বিষয়ত শুভময় আছিল অনন্য। সকলো কামতেই সি বহুত পৰিপাটী আছিল, নিৰ্ভুল আছিল। সকলো কামতেই সময়ত কোনো হেলা নোহোৱাকৈ নিখুঁতভাবে কৰাৰ চেষ্টা কৰিছিল। সি সদায় বিভাগটোৰ লেবত পাঠদান কৰি ভাল পাইছিল বাতিপুৱাৰ অহাৰ পৰা ঘৰলৈ যোৱাৰ পৰলৈ সি অকল কম্পিউটাৰ লেবটেই আছিল। আজি যেন শুভময় অবিহনে কম্পিউটাৰ লেবত চালিত হৈছে শূন্য কলিজাৰ মাজৰে প্ৰবাহিত বক্ত, যিয়ে আশা সপোন আৰু বং সৃষ্টি কৰিবলৈ যেন তাপাৰগ।

যোৱা বছৰ সি গৱেষণাত যোগদান কৰিছিল। তাৰ ইন্টাৰেষ্ট আছিল- “Exploring Deep Learning Approaches in context of Computer Vision Applications” বিষয়ত। সি অধ্যয়ন কৰি আছিল “Breast Cancer Detection using image processing Techniques” ৰ কথাবোৰ। Breast cancer আৰু ছবি সন্বেষণৰ ওপৰত সি মোক বহুত কথাই বুজাই আছিল। মই অনুমান কৰিব পাৰিছিলো যে- এই বিষয়ত সি অতি শীঘ্ৰে এখন উন্নত মানৰ গৱেষণা পত্ৰ প্ৰকাশ কৰিব পাৰিব।

মই অনুমান কৰা কথাটোও সত্য আছিল। ঠিক দুদিন মান পিছতেই সি জনাইছিল যে গৱেষণা পত্ৰখন সাজু কৰি আছিল। বাকী পিছৰ কথাখিনি জানিব নোৱাৰিলো। হয়তো এনেকৈয়ে ভাগে সপোন বোৰ।

স্মৃতি মানৱ জীৱনৰ চিৰ সহচৰ। আজি এই মুহূৰ্তত অনেক কথাই মনটো ভাৰাএগান্ত কৰিছে। মনত পৰিছে ইংৰাজ কবি Alfred Tennyson - ৰ এফাকি বিখ্যাত পংক্তি

মানুহ হিচাপে অৱধাৰিত ভাৱেই আমি কঢ়িয়াই লৈ ফুৰো স্মৃতি। সুখ, দুখ, ভয় আৰু শোকৰ বিচিএ স্মৃতি। মৃত্যুয়ে কাঁতৰ কৰা মুহূৰ্তত আমি অনুভৱ কৰো মৃত্যু আছে বাবেই হয়তো জীৱন ইমান সুন্দৰ তথা অনন্য। তথাপিও নিয়তিৰ ওচৰত আমি অসহায়। আমি সকলোৱে এদিন এৰি গুচি যাব লাগিব এই বিনন্দিয়া ধৰাৰ মায়া। মিলন আৰু বিচ্ছেদ আছে বাবেই মানুহে ইজনে সিজনৰ সান্নিধ্যখিনি অমৃতময় হিচাপে গন্য কৰে। শুভময়ৰ মৃত্যুৱে মোৰ লগতে আন বহুতকে দি থৈ গ'ল সান্নিধ্যৰ সোণসেৰীয়া সোঁৱৰনিৰ যশস্যা য'তেই নাথাকা কিয়— তুমি সুখত থাকা চিৰশান্তিত থাকা। কলিজা ক'লাপৰি যোৱা বাস্তৱতাক চিৰসত্য মানি হিয়া উজাৰি তোমালৈ মোৰ স্নেহাঞ্জলি যাচিছোঁ।

“Remembering Subhomoy Sir: A Brilliant Mind, Passionate Teacher, and Kind-Hearted Mentor”

--Dhanjyoti Nath

The world of computer science has lost a great mentor and a brilliant mind with the untimely demise of late Er. Subhomoy Dey Sir. He was a man who dedicated his life to teaching and helping students gain interest in, understand, and learn about computer science. His passing is a huge loss, not just to his family and friends but also to the countless students he taught and inspired.

The late Er. Subhomoy Dey Sir was known for his unique teaching style, which made complex concepts seem simple and easy to understand. He had a natural ability to connect with students and make them feel at ease. His classes were never boring, and he always made sure that his students were engaged and enthusiastic about the subject.

Late Er. Subhomoy Dey Sir’s passion for computer science was contagious, and he inspired many students to pursue careers in this field. He believed that anyone could learn computer science if they were willing to put in the effort, and he was always ready to help his students whenever they needed him.

His colleagues describe him as a kind-hearted man who was always willing to lend a helping hand. He was a team player who worked tirelessly to ensure that his students received the best education possible. His colleagues and students alike respected and admired him for his dedication and commitment to teaching.

Late Er. Subhomoy Dey Sir’s legacy will live on through the countless students whose lives he touched. He was a mentor, a friend, and a guide to many, and his

passing away has left a void in the lives of those who knew him.

The passing of late Er. Subhomoy Dey Sir has not only been a loss to the education community but has also deeply impacted the Department of Computer Science at Pandit Deendayal Upadhyaya Adarsha Mahavidyalaya. He was a

brilliant-minded educator who dedicated his life to helping students understand and learn computer science. His legacy will continue to inspire future generations of students and educators, as he was a remarkable teacher and a true inspiration to many.

Lt. Er. Subhomoy Dey Sir’s kind-hearted nature and dedication to teaching will always be remembered, and he will be deeply missed by his colleagues, students, and members of the department. His contributions to the field of computer science and the department will be remembered forever, and his absence will be felt deeply. Rest in peace, Late Er. Subhomoy Dey Sir.

“Memorial of Subhomoy Sir”

--Rami Kashyap Basumatary

Dear Lt. Subhomoy Dey Sir,

I hope this letter finds you in a peaceful place. I was deeply saddened to hear about your recent passing. I want to express my sincere condolences to your family and friends, and let you know how much you meant to me as my teacher. Your guidance, patience, and kindness made a significant impact on my life. You inspired me to pursue my dreams and never give up. Your lessons were not just about academic subjects but also about life, and I carry those lessons with me to this day. You were more than just a teacher to me; you were a mentor, a role model, and a friend. Your smile, your words of encouragement, and your support will always be remembered and cherished. Although you are no longer with us, your legacy will live on through the countless lives you touched. I will always be grateful for the time we spent together, and I will never forget you. Rest in peace, **LT. SUBHOMOY DEY SIR**. You will be deeply missed.

Sincerely,
Rami Kashyap Basumatary

“In Loving memory of Lt. Er. Subhomoy Sir”

--Kripan Rabha

Our beloved Late Er. Subhomoy sir, who has left an indelible mark on our hearts and minds. He was not just a teacher, but a mentor, a guide, and a friend to many of us.

Late Er. Subhomoy sir was a kind and supportive person who always had a smile on his face and down-to-earth. He was always willing to lend a listening ear and offer advice whenever we needed it. His patience, understanding, and empathy were unparalleled, and we will forever be grateful for the impact he has had on our lives. But beyond his kindness and support.

Late Er. Subhomoy sir was also a funny person who never failed to make us laugh. Whether it was through his witty comments in class or his hilarious anecdotes, he had a way of lightening the mood and bringing a smile to our faces. Not only he was a great teacher, but he was also an excellent advisor who helped us chart our course towards a better future. His insights, advice, and wisdom were invaluable, and we will always be grateful for his guidance. His unwavering support gave us the courage to pursue our dreams.

Late Er. Subhomoy sir had a gift for teaching, and his ability to explain complex

concepts in a simple way was truly remarkable.

He had a way of breaking things down and making them easy to understand, and his passion for teaching was infectious.

It is sad that we say goodbye to late Er. Subhomoy sir, but we take comfort in knowing that his legacy will live on through the countless lives he has touched. He will always be remembered as a kind, supportive, and funny person made a difference in the lives of those around him.

Rest in peace, Late Er. Subhomoy sir. You will be deeply missed.

“My Journey with You”

Bishal Sarkar (dept. Physics)

On the first day of my class, I was a little scared because my last computer teacher was like a galloping horse; she would find an error, and her galloping would start. Despite this fear, I gathered all my courage and entered the lab, where I found one of the most visionary faculty members of our college, Asst. Prof. Er. Subhomoy Dey. I remember that day he asked for our names, and when it was my turn, he added, ‘Oh, Bengali, macher jol,’ and we all started smiling... Thus, our classes were fun and informative, but this did not last even a month. I lost my father in the post-pandemic period and found myself in a situation where I couldn’t find any hope to live. I was depressed and unambitious, longing for someone to lend me their shoulder in my highs and lows, but nobody showed up. One day, an unexpected text reached me. I had been quite inactive on social media after my father’s demise and had no idea what was going on in our college’s social media groups. Later, I discovered a text from our Sir Subhomay that he had sent on the day of my father’s departure. It read, ‘It’s very unfortunate, Bishal. I’m sorry for your loss. Be strong. This time shall pass. If you need any assistance that I can provide, feel free to ask me. May his soul rest in peace. Amen.’

I gained a little inner peace, and after following all the rituals, I started going to college again. On the day I returned, I peeked through the lab’s door, and suddenly his eyes caught mine, and he said, ‘Come, come Bishal, how are you? Is everything going peacefully?’

I replied, ‘Yes, Sir... everything went well.’

I guess what I’m about to say now will leave you in extreme disbelief for a moment, but it actually happened... ‘Once, we had lunch together, and his spouse was sitting on the other side of the table,’... She was staring at us, and I wondered why she was doing so until I realized the most awkward feeling ever.

There are numerous memories of him, but expressing them would painfully pierce my heart. I wouldn’t like to add much, but, Sir, if you can see us, moments are passing by, but not your words... My ears are eagerly waiting for your voice.

“A small para from my heart in memory of sir”

--Rashi Mani Talukdar

The most student friendly teacher from our department was you. That classes of yours with

all sorts of random jokes and “back to the topic” dialogue is badly missed sir. All your efforts to just make us understand programming in the simplest way no other can do it for us now sir. The way you taught us no other can. In every class you asking us “What is the Date?”, teaching us English as well as core subjects, motivating us for new things telling us about your new iPhone , telling us your stories a bit , that insults you made in a funny way to some students to improve them , that examples of making omlet while teaching us programming all are being missed very badly . Many things are left which you planned to teach us , thinking about our department and willing to organise departmental programs, all this sorts of things are left sir. The lab now is no more like a lab its empty without

you sir the whole department is empty without you . You were the cham and gem of our department. Any programming error was there we thought no worries subhomoy sir is there... but now sir its so tough for us. All our computers who will update it by staying awake at night. Sir your words , your classes, your jokes, you is being so badly missed by all our departmental students as well as professors . It is so difficult for us to say goodbye to that person whom we all loved... February 26 was a bad day for our department. Maybe God needed a company of a pure soul so he took you from us . Wherever you are sir you will always and forever be missed and always you will be in our prayers. Saying you GoodBye was the hardest GOODBYE of my life sir. Sir you were and you will always be a part of our department...in every occasion you will be deeply missed sir.

REST IN PEACE.

A Diminutive Journey

--Joy Prakash Nath

After the HS exam, I have decided to go for B.Sc in Computer Science. So, I was searching for a institute that is located either in Goalpara District or Bongaigaon District. After some days, I was advised to take admission in PDUAM Amjonga by my previous Computer Science Teacher.

I tried to gather some information about the college and finally I came to know that the department of Computer Science is good. I have downloaded a prospectus and looked for the teacher. Suddenly my eyes goes to the teacher with M. Tech degree and I guess this teacher may be unique than other teacher ,and my guess was right. I took admission after my HS result and just waiting for the first day of the college. The day came. I wake up early and got ready within 1 hour. It was my first long journey alone by bus. After an hour I have reached college. It was a different experience for me as I doesn't

know anyone. I walked the stairs and was searching for the computer class. There I met some of the new friends from physics and computer department. After some time we all have gone to respective classes. I met two teacher of computer science department on that day. Finishing the class, I ate something and took a bus. But I haven't met the teacher whom I was waiting for and it makes me more exciting to meet the teacher. Next day came and I was doing the same as previous. I reached the college and meet more friends. The bell rang and classes get started. I met HOD of Computer Science on the first class and after some introduction we were taught something about c++.

Time goes and the class got over. Finally the most awaited class was about to start. I and my friends step in the lab and asked respectfully if we might come in. Sir from the lab reply us with please to come in. We entered and saw the most

interesting teacher of Computer Science Department, Sir Subhomoy Dey. I saw Sir earlier but I haven't recognised it was him. Sir requested us to take our respective seats. After that Sir asked our names and addresses and later on introduced himself. As it was the first class Sir has just introduced us to the new syllabus of his part and started a few topics. The explanation of his was outstanding, Sir explained all those topics in a very simple way which helped us to keep in our mind immediately. He also added some jokes in between the explanation which made our concentration constant. After an hour the class came to an end. It feels like the time passes very quickly in Sir's class. We gave our attendance and left the class by thanking him. From that class we all were more excited to go to college regularly which made the bonding between me and my new friends faster. My life again became usual like school time. I didn't notice how the three months of the first Semester have gone. Our sessional exam has ended and the final exam was knocking at the door. Sir finished his course in time and asked to come to lab if anyone has doubts on any topic of both major papers of computer science. Whenever we have doubts we follow his words. We all have given our exam and we step into the 2nd Semester. Our classes have also started but it was quite an unlucky semester for

us because we didn't have Subhomoy Sir's class in this semester. Then also we tried to manage it as we know Sir is always there to solve our doubts. I think the previous statement that I wrote was not valid. Life is unpredictable; the person you see today may not be there tomorrow. I still remember the class Sir has sacrificed just to solve my doubt, the scold to correct my mistake and funny jokes to make us laugh. I have many things to learn from you but the situation makes it impossible for me. Rest in peace, LT. Subhomoy Dey Sir. You will be deeply missed.

একজন বিপ্লব্য শিক্ষক

--পঙ্কজ বৰ্মন

শিক্ষক মাৰা গেলে তাৰ কাজ তাৰ সাথে মৰে না। বিপৰীতে, তাৰ কাজ আগের চেয়ে এখন আপনাৰ কাছে আৰও সহজে উপলুদ্ধ। যখন তিনি আৰ শৰীৰে নেই তখন শিক্ষকের বার্তা বোঝা আৰও সহজ, কারণ তখন বাধা দেওয়ার মতো কোনও ব্যক্তিত্ব নেই। শব্দগুলি শুদ্ধ থাকে, কোনো ব্যক্তিত্ব দ্বারা অকৃত্ৰিম। শব্দগুলি তাদের বিশুদ্ধতম আকাৰে থাকে, কারণ ব্যক্তিটি হস্তক্ষেপ করার জন্য আৰ নেই।”

এই উদ্ধৃতি আমাদের মনে করিয়ে দেয় যে একজন শিক্ষক শাৰীৰিকভাবে মাৰা গেলেও, তাদের শিক্ষা এবং প্রজ্ঞা আমাদের কাছে উপলদ্ধ থাকে। প্রকৃতপক্ষে, তাদের বার্তাটি তাদের পাস করার পরে আৰও সহজে বোঝা যেতে পারে, কারণ তাদের ব্যক্তিত্ব এবং অহং বার্তাটিকে অস্পষ্ট করার জন্য আৰ উপস্থিত নেই। আমরা একজন প্রিয় শিক্ষকের স্মৃতিকে সন্মান করতে পাৰি যিনি অধ্যয়ন চালিয়ে গেছেন এবং তাদের শিক্ষা থেকে শেখাৰ মাধ্যমে এবং তাদের পাঠগুলিকে আমাদের নিজের জীৱনে প্রয়োগ করে চলে গেছেন।

Our last conversation

--Anupama Bora

Stay alive, not just live & breathe.
Stay alive in each passing day,
Because you never know
when shall someone you love
will say goodbye.
When they die & you will never
get to hear from them their well-weaved stories.
You will never know
that was your last conversation,
the last meal you shared.
Their sarcastic lame jokes
might haunt you at night.
Everything they ever did,
will just make you cry in the mid daylight.

Stay alive, not just live every day,
Because, you never know
when shall they leave you,
or you will be gone!
Live in the moments with them
with truth & emotions.
Once they're gone, they aren't coming back.

Their memories will still be fresh,
just like reading a novel one page at a time.
They will be alive in a series of poems in your heart.
They say, some grieve by crying,
some by not showing emotions.
I can't mourn you,
coz, some people are extraordinary.
They never die & you were such of a kind.

Subhomoy Sir's Memory

Subhomoy Sir's Memory

*Our hearts are heavy and filled with sorrow.
A brilliant mind, a kind-hearted soul,
A teacher who made learning an enjoyable goal.
We'll miss your friendly smile,
Your passion for teaching all the while,
Your guidance and motivation to pursue,
A successful career in computer science, thanks to you.
We never thought this day would come,
When we would have to say goodbye to someone,
Who was more than a teacher but a friend,
Whose love and care knew no end.
But now you're gone, and we're left to mourn,
The sudden loss of a teacher so adored,
We'll cherish the memories you left behind,
And keep you forever in our hearts and mind.
Rest in peace, dear Subhomoy Sir,
Your legacy will continue to inspire,
Your spirit will live on in every student,
And the world of computer science will never forget.*

*"A Small Poem To My Dearest Teacher
Whom I Adore And Love the Most and Still Will"*

--Sourabh Ghosh

*Oh, dear Subhomoy Sir, you left us soon,
Leaving behind memories that make us swoon,
Your wisdom and guidance were beyond measure,
Your teachings still live on, a priceless treasure,*

*You taught us to dream big and aim high,
To strive for excellence and never shy,
To be kind, empathetic, and humane,
To embrace diversity and never disdain.*

*Your lessons transcended the classroom walls,
As you instilled values in us that still enthrall,
You showed us the beauty of literature art,
And how science and technology could change the world's part.*

*Your presence was comforting and reassuring,
Your words, inspiring and enduring,
You challenged us to be the best version of ourselves,
To explore, create, and think beyond the shelves.*

*Though you are gone, you live on in our hearts,
Your legacy will never depart,
For you were not just a teacher, but a mentor, a guide,
And we will forever cherish you, with love and pride.*

Soul. He will Always be in our Heart Hope to see him in the Other Universe After my death..."*

My Favorite Teacher

--Julfikar Jitu Rahman

*Subhomoy sir was our favorite teacher,
Kind and wise, a gentle creature.
His smile was warm, his heart was pure,
He taught us well, that's for sure.*

*You taught us not just books and facts,
But life lessons that will forever last,
Patience, kindness, and empathy too,
The traits that always shone through you.*

*But fate can be cruel, as we all know,
And on a fateful day, he had to go.
A road accident took him away,
Leaving us in trouble, with much to say.*

*Rest in peace, dear Subhomoy sir,
We'll always remember you with joy.
Your legacy lives on, in what we do,
And we'll working hard to make you proud.*

In Loving Memory

--Nobodol M. Sg

*Who left this earth too soon,
Leaving behind memories so sweet,
That make my heart swoon.*

*You were more than just a teacher,
You were a friend indeed,
Guiding us through every hurdle,
Helping us to succeed.*

*With patience and understanding.
You made learning a joy.
Explaining every concept,
Like was toy.*

*You never scolded or belittled,
Instead, you showed us the right way,
Encouraging us to be better.*

With each passing day.

*But now you're no longer with us,
And my heart aches with pain,
Thinking of all the moments we shared,
That can never be regained.*

*Yet, I find solace in the fact,
That you'll always be in our hearts,
A shining light of inspiration.
That will never depart.*

*I pray that you rest in peace,
And that God blesses your soul,
For you've left an indelible mark,
On every heart you touched, as a whole.*

Thank You Dear Sir!

~Amarjeet Rabha

*A happy smile, contagious to all,
With a heart of gold that never falls.
As my role model, you set the bar high,
But you've taught me all I can do is try.
As my teacher, you motivate me
To become the best I can possibly be.
You're always there to help others,
Putting yourself second and acting like a mother.
You're a very admired teacher
Who's caring, kind, and smart.
Whether I like it or not,
You're always here for me
And with my best intentions in your heart.
I always know you'll have my back,
The way you love to help others learn
Is something for which I will always yearn,
And one day when I'm a teacher too,
I will strive to be just like you.*

A good Teacher

--Plaban Goswami

*Er. Subhomoy Dey, a teacher so fine,
His brilliance shone in every single line.*

*With a heart full of passion and a mind so bright,
He lit up the classroom with all his might.*

*His humor and wit, a lesson in itself,
Making learning fun, like nobody else.*

*He was more than a teacher, he was a friend,
One who'd stand by us till the very end.*

*Though he's gone, his legacy lives on,
A reminder of what a good teacher has done.*

A mentor so dear

Mahesh Karki

*Er. Subhomoy Sir, a mentor so dear,
Whose infinite knowledge was always clear,
His mercy evoked a sense of grace,
As a professor, he left a lasting trace.*

*With empathy and patience, he heard us out,
His wisdom and advice, we had no doubt,
A jester at heart, he made us all grin,
With his wit and humor, he always did win*

*He made complex concepts a piece of cake,
A master teacher, no mistake,
Though he's gone, his legacy stays,
In our hearts and minds, he forever plays.*

*Er. Subhomoy Sir, a consultant of skill,
A guide who taught us to climb the hill,
His kindness and fondness, an eternal flame,
As we honor his memory, with love we proclaim.*

Sir

--Harshajyoti Rabha

*Sir, you were the 'KING' of the lab,
And after you left,
it feels like there's nothing left in the lab,
Just an empty room,
devoid of your energy and light.
It's a tragedy that good things and good people
end early in this world,
But we take solace in the knowledge that you've
moved on to another world.
You will always be remembered and revered,
For the mark you made in our hearts and in the lab
we shared.*

Forever in Our Hearts

--Bhargob Kalita

*Oh, a teacher we once had,
but who is now gone,
In our hearts and memories,
he still lives on.
His lessons and guidance we'll never forget,
Forever in our hearts, he is warmly set.
He was the one who encouraged us to grow,
With his wisdom and knowledge,
always in tow.
With heavy hearts,
we say our goodbyes,
We'll always remember his gentle eyes.
Although he is no longer with us here,
His legacy will always be very near.
Our dear teacher,
we will never forget,
The gift of learning that you so deftly set.
Your mermory will forever be in our minds,
Thank you for being so thoughtful and kind.*

In memory of Subhomoy what am I writing? I have lost my word and language to say something about him, who was like a brother to me and he was very smart and hard working as well as the most discipline faculty of our department. We cannot fill his emptiness both physically and morally in our college. So, in the long run we must admit that man is mortal. But he leaves us very soon. May almighty bless his departed soul and rest in peace.

My dear esteemed colleague and brother Subhomoy, I reflect on your profound impact on us. You were more than just a teacher. You were a pillar of knowledge, a mentor, and a friend to all of our students.

Throughout your tenure, you exemplified passion and dedication in your teaching. Your ability to convey complex ideas with clarity and enthusiasm made learning an enjoyable experience for our students. You had a unique talent for sparking curiosity and encouraging us to delve deeper into our academic pursuits.

Your kindness and approachability fostered a sense of community among our students and colleagues. You were always willing to lend an ear, offer advice, and share the wisdom gained through years of experience.

Your departure leaves a void that will be deeply felt by every one of us. Though your physical presence may no longer be with us, the impact you made will endure. Your legacy will live on through the countless students. I am forever grateful for the privilege of chatting, discussing, and learning from such an exceptional colleague, teacher, and friend like you. Rest in peace, dear Subhomoy.

“My hope of exhibiting our big event is now long gone, and it fills me with deep disappointment. But I still vividly remember that heartfelt conversation we had about organizing the Science fest, and the way you selflessly guided us. How can I ever thank you enough for your invaluable support? The thought of expressing my gratitude through this tribute magazine for you brings both joy and a sense of purpose. It will serve as a timeless reminder of your greatness and the profound impact you’ve had on all of us. Your generosity will be cherished and remembered with eternal gratefulness.”

Your Faithfull Student-

“A teacher is regarded as the builder of a nation. A student comes across several teachers during college years. Each has a different style and approach to teaching, but your style was unique, sir.

I badly miss the classes with your funny jokes and “jokes apart” dialogues. Your motivation gives me extra energy to study harder.

26th February was the worst day for the college and me as well. At around 8:44 pm, my friend suddenly called me and said, “hello!, hello! oi Subhomoy sir r accident hoise gom powa ne nai toi?” I was shocked; I couldn’t believe it when my friend told me at that time.

It’s been 4 months, and still, when I remember that day, I feel a sense of deep sadness. Someone said that everything happens for a reason, and I think that God needed you to help in heaven, that’s why He took you from us.

Thank you for everything, sir. You will always be in my heart.”
